Ref : Peter Horn

To Whom it may concern,

Peter is known to me through A1 Yachting Agency in Cephalonia. A1 are my shipping agents throughout Greece.

I first met Peter through A1 whilst visiting Cephalonia on a reconnaissance trip for my owner during winter 2011. Peter was kind enough to provide local advice, marine pilotage and hydrographical information in preparation for my arrival with Pelorus in Summer 2012. Finally in June 2012 I arrived with the ship and embarked Peter to assist in a difficult stern too berthing operation in a tight cove close to Fiskardo in Kefalonia. Together we positioned Pelorus (LOA 115m Breadth 17.2m Draft 4.7m NRT 5401) into a spectacular position with close shoreline on 3 sides of the vessel much to the appreciation of my guests. Since then we have visited the same area 3 further times with Peter assisting in some form on each occasion.

Peter also assisted us for a few days with delivery logistics, local assistance and tender berthing within the port of Fiskardo. Peter is a very knowledgeable, friendly and approachable character. Happy to help assist and advise at any time of the day. He is always cheerful and genuinely happy to be of service.

He is tactful, understands discretion and is overall very professional. I have no hesitation in recommending Peter for your organisation and would be happy to give further referral should you require.

Yours Faithfully,

Captain John Brining,
